Welcome to Voss Farms Elementary

Parents,

I want to welcome you to Voss Farms. We have gotten off to a great start and are very excited about our new school and all the things it has to offer our students. There are so many new things that we are learning about our campus and students.

I want to thank you for your patience as we get our drop off and dismissal procedures worked out. Our goal is to be the most efficient while also keeping your children safe.

This year we want to work with you as a team to help your child learn and grow. If you ever have questions or concerns about the school or your child's progress please let us know. We have several resources to help your child whether they struggling or excel. Please know we are here for you and your child.

PTA

We have a great PTA that is already going strong. We would like to encourage you to join the PTA and get involved in activities they are planning. We are about to start our first fundraiser and hope that you will help your child in raising money for our school.

Other News

As we continue to get our year started we will ask that you always check in through the front office. When you check into the office the first time they will ask you for your drivers license to run it through our system. After that they will be able to just quickly run you a visitors badge. This is for the safety of our students.
